

Welcome to CHESSOL!

CHESSOL is a software solution of the Lisam Group to create all required chemical documents for your cosmetic products. CHESSOL is available only as a hosted solution, for which no software needs to be installed on your server and/or workstation, other than Java and a PDF viewer.

Setup your CHESSOL environment

First of all, create a directory c:\tmp on your workstation. This directory is used to download the reports / PIF from the server to your local workstation, after which it will automatically be opened using your PDF viewer.

Start a browser and go to www.java.com to check if Java is installed. If not already available, please install Java.

Please follow the steps below to create a CHESSOL icon on your Desktop:

- save the CHESSOL icon as received by mail in a directory on your local workstation.
It is also possible to save the icon somewhere on your (company) server. Please remember the location.

Please follow the steps below to create a CHESSOL icon on your Desktop:

- click with right mouse button on an empty spot on your Desktop
- select New->Shortcut
- in the field 'Location of the item' the following needs to be entered (we suggest to use copy paste):
`javaws.exe https://www.chessol.nl/chessol/chessol-en.jnlp`
- click Next
- type the name of the shortcut: CHESSOL (in capitals)
- click Finish

Finally, change the icon of the CHESSOL shortcut on your Desktop:

- click with right mouse button on the CHESSOL icon
- select Properties
- select 'Change icon' and select the chessol.ico file from the location you saved it
- click OK, Apply and OK

The CHESSOL icon is now ready for use. Just (double-)click it to start CHESSOL. The first time the application needs to be downloaded and you might get some warning messages. Please confirm CHESSOL is safe to prevent those messages appear each time you start the application.

Contact CHESSOL

If you encounter problems with the procedure as described below, or if you have any other question or issue, please contact us.

Blocking issue	: +31 85 401 9786	(08.00 – 18.00 CET)
Questions, requests, etc.	: support@chessol.nl	(or your personal CHESSOL contact)

Thanks for your attention and enjoy CHESSOL!
